Grow with us. Join Fairmas!

Fairmas GmbH is a hotel software company that specializes in financial planning, controlling and management reporting solutions. Founded in 2003 in Berlin, we are a team of about 68 hoteliers and IT experts who cater to over 18,000 users in more than 5,500 hotels worldwide. We take pride in offering first-class service, as most of us were former hoteliers.

We foster a culture of transparency, mutual respect, and team spirit. Work-life balance is a must to ensure everyone is always motivated. There is no micromanaging, we trust everyone to get her or his job done. We believe that employees are the driving force of the company, and your voice needs to shine through your work.

To support our Product Management Team at our headquarters in Berlin, we are currently looking for a

Working Student – Data Science / Artificial Intelligence (f/m/x)

Your New Role:

- With the help and guidance of experienced colleagues and external specialists, you will design, develop, and expand our AI projects
- You will assist us in developing and implementing AI-related concepts and software architectures
- You will learn data modeling and assist us in project-related tasks
- You will work in an agile team environment
- Collaboration with Product Management, Quality Management, Software Engineering, as well as DevOps

About You:

- You can contribute your ideas, implement them, and unleash your potential
- You are currently pursuing a bachelor's or master's degree in computer science, business informatics, mathematics, physics, or comparable natural science courses
- You are passionate about AI, new technologies, and programming
- Knowledge of at least one analytical programming language (e.g., Python, R) or a general-purpose programming language (e.g., C#, Rust) is appreciated
- Knowledge of the use of relational and non-relational databases is desirable
- Good communication skills in English are required
- You should have the ability to work in a team with a proactive and independent approach

What we offer

- Flexible working hours with focus on your study plan and the opportunity to work remotely
- Intensive induction, strong feedback culture and training opportunities
- We support you in writing you thesis
- A pleasant and team-promoting working environment, team events and excursions
- Free drinks, fruits and snacks and a climate-positive office in the heart of Berlin-Schöneberg

Does it sound exciting? Then send us your application preferably by email to hr@fairmas.com!

We are always happy to meet exciting candidates and we are particularly interested in your attitude, values and personality. For questions, contact Anita Hagedorn on +49 30 322 940 5 27.
