

# Grow with us. Join **Fairmas**!

Fairmas GmbH is a hotel software company that specializes in web-based financial planning, controlling and management reporting solutions. Since our founding in 2003 in Berlin, our team of around 72 professionals—ranging from hoteliers and IT experts to individuals with diverse backgrounds - has been dedicated to serving over 18,000 users in more than 5,500 hotels worldwide.

We take pride in delivering exceptional service, built on years of industry expertise. At Fairmas, our company culture is defined by transparency, mutual respect, and team spirit. For us, work-life balance isn't just a buzzword - it's a cornerstone for fostering long-term motivation and creativity. We firmly believe that our employees are the driving force behind Fairmas. Their ideas and contributions actively shape our company's future.

**To support the product management and developer teams at our headquarters in Berlin, we are looking for several**

## **Student assistants in the field of software testing (all genders)**

### **Your tasks**

- ▶ Together with your team, you will design test scenarios and support quality assurance and final acceptance
- ▶ You will support us in the coordination, preparation and technical execution of tests
- ▶ You will help us evaluate the test results and make them available to the specialist departments
- ▶ You will support us in automating and documenting the test processes

### **Your profile**

- ▶ You have strong analytical skills as well as a structured, attentive and conscientious approach to software testing
- ▶ You are passionate about IT topics and new technologies and programming
- ▶ For the test automations, initial experience/knowledge in programming (C# / Selenium) is required to be able to read up on complex code structures
- ▶ You enjoy working in a team and are reliable
- ▶ You have good MS Office skills as well as solid English skills (B1 minimum)
- ▶ You have student status; the position is ideally to be filled with a maximum of 20 hours per week (considering your timetable at university)

### **We offer you**

- ▶ A varied job in a healthy growing, international environment
- ▶ You can expect intensive induction, a steep learning curve, feedback meetings and training opportunities
- ▶ A pleasant and team-building working environment, regular company and team events
- ▶ The opportunity to work flexibly and remotely

You don't meet all the criteria or have gaps in your CV? Never mind - apply anyway! We are primarily concerned with your attitude, values and personality. Please send your application documents by e-mail to [hr@fairmas.com](mailto:hr@fairmas.com), stating your earliest possible starting date! Anita Hagedorn will be happy to answer any questions you may have on 030 322 940 5 27.
